# Web Developer

## Graduate – Intermediate / West Ryde, NSW

Koorong have created a new role for someone who is either studying, has recently completed a Computer Science degree or has 1-2 years experience. This exciting role offers the chance to work with a large variety of the latest technologies and will involve the front-end development and support of the Koorong web site, as well as other varied and challenging internal web applications.

This position presents a fantastic opportunity for expanding your skills and gaining experience in web development whilst working in a friendly environment.

**Key Criteria:**

Exposure to the following technologies is highly desirable:
- Strong HTML5, CSS including Foundation, Bootstrap or other CSS Framework
- Core Javascript, JSP/Java,
- Web Standards/Responsive Design/Cross Browser Testing
- Linux experience

Also highly advantageous is previous experience with:
- MVC, REST API, jQuery and AngularJS Frameworks
- MongoDb, MySQL and other database technologies
- Web services – Nginx/ Apache/Tomcat/AWS
- Adobe CS Suite

Applicants will need to be willing to learn and have a good eye for detail. You will also be able to utilise your excellent communication and interpersonal skills, being the pivotal role between graphic designers and the development team. You will be task focused, demonstrate good organisational skills, and have the ability to work under pressure.

**Koorong offers:**
- Fabulous career potential
- Friendly team environment

Koorong is Australia's leading Christian resource centre. With 15 stores Australia-wide and a thriving website, we provide the largest range at the best prices. We strive for excellence in customer service with a servant heart. Join us in the exciting privilege of providing Christian resources to your local community and beyond, with life changing possibilities!
